### Summary

As a seasoned Front End Developer with expertise in JavaScript stacks, I am passionate about delivering high-quality products using a diverse range of technologies. My specialties include React Js, React Native, and JavaScript. I am always eager to explore new software solutions and technologies that can improve the user experience and achieve project goals. I want to obtain a challenging position as a ReactJS Developer where I can utilize my technical skills, experience, and passion for developing cutting-edge web applications.

### Skills & Specialization

- React JS
- Redux
- Redux Toolkit
- Material UI
- React Native
- Native Base
- Jquery/Jquery UI
- Javascript
- Bootstrap
- CSS
- HTML
- Git/Github

Also have same familiarity with Node js/Mongo DB

### Education History

- **Virtual University Of Pakistan** 2023 - 2028
- **Degree College M.B.Din.** 2020 - 2022
- **M.B High School** 2008 - 2020

### Work Experience

#### Front End Developer (React JS | React Native)

Jan 2022 to Present

Live App Link : [Createsmart](#)

- Designed and developed UI components based on Figma and other requirements.
- Resolved bugs in the existing codebase to improve product performance and functionality.
- Integrated APIs to enable seamless communication between front-end and back-end.
- Utilized Redux Toolkit for efficient global state management.
- Contributed to the development of a React Native mobile application, focusing on front-end features.

#### Junior Front-End Developer

Oct 2020 to Dec 2021

- develop the front end of applications.
- Implemented Redux Toolkit for simplifying the process of managing application data.
